we want to be sure you make the right one

- With our global reach in the fulfillment industry, we're able to offer a variety of options for our clients. Inventory stocking, order management, picking, packaging and shipping can all be accomplished through our RevGo fulfillment center.
- Our system provides our clients the ability to manage orders, and inventory remotely. We handle all the shipping and order fulfillment allowing you to focus on sales!

Our Industry Best SLA Guarantee

- With over 10 years of experience in the continuity business, we know how important it is to get your orders shipped out the same day. That's why we stand behind our guaranteed Service Level Agreement;
 - All orders received by 4:30pm EST are shipped out that same day, or you don't pay!
- Plus we'll process all of your returns within 24 hours – ensuring quicker refunds and less chargebacks.

How It Works

- The first step is using RevGo as your fulfillment source is getting your products into our fulfillment center and integrating your shopping cart system with the RevGo technology. RevGo offers plug-in integration with all major shopping carts and CRM's, but you can also use our custom API to set it up.
- You can customize and add marketing messages and logos to your shipping labels to give your own unique spin on your fulfillment. If you'd prefer, RevGo will not put our logo anywhere on your packaging.
- Once setup is complete, orders flow automatically from your eCommerce site into our facility, where they are printed out and processed in real-time, the same day. The order is then pulled and picked by one of our experienced staff members and delivered to the quality assurance team to check for accuracy. All Revgo orders go through three separate quality checks to ensure that the product is not damaged, that the number of items is correct and that it's the right type of item. They are then packaged and shipped out the door.
- RevGo applies advanced analytics to the order-fulfillment process, automatically calculating the optimal shipment method so orders are delivered at the lowest cost while allowing retailers to meet guaranteed delivery times. This has also been proven to reduce shipping costs. Any returns would also be sent back to our facility, where they would be processed according to your instructions.

Technology

Your Time Is Money

we're here to help you save it

In our day to day operations, one key distinction that sets us apart from the competition is our advanced technology. Not only have we devolved the top of the line software, but we actually allow our clients to track the progress of their orders by offering them access to that same high-level software. During each step of the fulfillment and supply chain process, our clients are able to know the exact location of all the materials and eventually, of the finished products. And during the delivery process, we use an email notification system to keep clients up to date on the status of products in route to customers.

RevGo, LLC. ("RevGo" or "We") knows that you care about how your personal information is used and shared, and we take your privacy seriously. RevGo has created this privacy statement ("Statement") in order to demonstrate our commitment to your privacy. Please read the following to learn more about our privacy policy. 1. What Does This Privacy Policy Cover?

This Statement covers RevGo's collection and use of personal information that RevGo gathers when you are on the Site and when you use the Service. This Statement does not apply to the practices of third parties that RevGo does not own or control, or to individuals that RevGo does not employ or manage. For avoidance of doubt, this Statement does not apply to any third party information gathered by RevGo's Clients (i.e., information about customers of RevGo Clients) and submitted by them to the Service for use in connection with their customer service activities and other promotional activities ("Customer Data"). RevGo will not review, share, distribute, print, or reference any such Customer Data except as provided in the Service Agreement or as may be required by law. Notwithstanding the foregoing, Customer Data may at times be viewed or accessed by RevGo for the purpose of aggregating customer responses and actions, resolving a problem, support issue, or for investigating a suspected violation of the Service Agreement, or as may be required by law. RevGo adheres to the Safe Harbor Privacy Principles published by US Department of Commerce ("Safe Harbor Principles") with respect to Customer Data that we receive from our customers and other business partners in the European Economic Area. RevGo complies with the U.S.-EU and the U.S.-Swiss Safe Harbor Frameworks regarding the collection, use, and retention of personal information from European Union member countries and Switzerland. The scope of our Safe Harbor Certification is defined by our **Safe Harbor Notice located below**.

2. What Personal Information About Customers Does RevGo Collect?

Our primary goal in collecting information is to provide you with a friendly, customized, and efficient experience. We collect the following types of information from our customers:

Information You Provide to Us:

RevGo collects identifying information when you use the Service, when you visit the Site (including, without limitation, any RevGo.com or RevGo.net web pages or landing pages), and when you enter promotions or contests. For example, we require customers who register to use the Service to give us the following personal information: their name, Company name, address, phone number, and e-mail address, and financial qualification and billing information, such as billing name and address, credit card number, and the identity of users within the organization that will be using the Service. When you initially express interest obtaining additional information about the Service, or when you register for the Service, we may also ask for additional types personal information, such as title, department name, fax number, or additional company information, such as annual revenues or marketing spend. We may also request demographic information and unique identifiers in order to provide you with a more personalized experience or verify your passwords. All financial and billing information that we collect from you is used for the purposes of checking your qualifications as a prospective customer and billing you for the Service. Such billing information is not used by RevGo for marketing or promotional purposes. RevGo may use a third-party intermediary to manage the credit card and billing processing. This intermediary is solely a link in the distribution chain, and is not permitted to store, retain, or use the information provided, except for the sole purpose of credit card and billing processing. If you are a registered user of RevGo's subscription-based Service, please note that some information about you may remain in our records after the end of your trial or subscription.

Automatic Information:

We receive and store certain types of information whenever you interact with us via our website. RevGo automatically receives and records certain "traffic data" on our server logs including your IP address, RevGo cookie information, the page you requested, and your communications and interactions with other site registrants. RevGo uses this traffic data to help diagnose problems with its server, analyze trends and administer the Service. We automatically collect usage information, such as the numbers and frequency of visitors to our Site and use of components of our Service. We may use this information to provide research, advice and information, including, without limitation, for benchmarking purposes (e.g. we may publish an industry white paper that uses data collected through the use of our Service). This data is only used in the aggregate. This type of collective data also enables us to figure out how often customers use parts of the Service so we can make the Service appealing to as many customers as possible. In addition, we may provide statistical information to our partners about how our customers, collectively, use our Site and Service. We may share this type of statistical data so that our partners also understand how often people use areas of our Site and our Service, so that they, too, may provide you with an optimal experience. We also collect and use information for internal purposes. For example, if you are a registered user of the RevGo's subscription-based Service, we may keep records in your account history of your complaints about other registered users online behavior, and any reported violation of our Service Agreement that you or someone on your account may have committed. Many companies offer programs that help you to visit web sites anonymously. While RevGo will not be able to provide you with a personalized experience if we cannot recognize you, we want you to be aware that these programs are available.

E-mail Communications:

We may receive a confirmation when you open an e-mail from RevGo if your computer supports this type of program, in order to help us make e-mails more interesting and helpful. We may also send out emails with information regarding RevGo or our partners including promotions and events. Customers can opt out of being contacted by us by sending an email to support@RevGo.net. If a user elects to use our referral features for informing a friend about our Site or Service, we ask them for the friend's name and email address. RevGo will automatically send the friend an email on behalf of the user who made the referral, inviting such friend to visit the Site and try the Service. RevGo does not store this information.

Information From Other Sources:

For purposes such as improving personalization of our Service, we may receive information about you from other sources and add it to our account information.

3 What about Cookies?

Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your Web browser to enable our systems to recognize your browser and tell us how and when pages in our site are visited and by how many people. The "help" portion of the toolbar on the majority of browsers will direct you on how to prevent your browser from accepting new cookies, how to command the browser to tell you when you receive a new cookie, or how to fully disable cookies. Privacy Policy Effective Date: 6/7/2010

RevGo Safe Harbor Notice

We self-certify compliance with **Scope of Safe Harbor Certification:** RevGo, Inc. ("RevGo" or "we") recognizes that the European Community has established a data protection regime pursuant to Directive 95/46/EC, which applies to the European Economic Area ("EEA") and restricts companies in the EEA in transferring personal data about individuals in the EEA to the United States, unless there is "adequate protection" for such personal data when it is received in the United States. To create such "adequate protection," we adhere to the Safe Harbor Privacy Principles published by US Department of Commerce ("Safe Harbor Principles") with respect to personal data about individuals in the EEA that we receive from our customers and other business partners. Our Safe Harbor Certification does not extend to data that we receive directly through RevGo's publicly accessible websites (any of our websites such as www.RevGo.com that can be accessed without a password). More information on the Safe Harbor Principles and RevGo's scope of participation is available at http://export.gov/safeharbor/eu/eg_main_018476.asp. **Scope of this Notice:** This Notice addresses data subjects residing in the EEA ("EEA Persons") whose data we may receive from one of our customers, suppliers or other business partners in the EEA e.g., referral partners, integration partners, etc. **Categories of EEA Data:** We sell integrated web-based business application software largely to small and midsize businesses. We receive mostly business-related information from the EEA, including contact information of individual representatives of the businesses with whom we are dealing, including, without limitation, names, addresses, work phone numbers, work email addresses, etc. of EEA Persons ("EEA Data"). In connection with some services, e.g., RevGo's Lead Management services, our customers use our hosted technology platform to store and process EEA Data at their own discretion. Since EEA Data covered by this Notice is by definition sent to us by another company in the EEA (e.g., a customer of RevGo), the categories of data sent and the purposes of processing often depend on such other company, with whom the EEA Persons typically have a closer employment or business relationship (and which, therefore, can provide additional information on categories of data shared with us). **Purposes:** We collect and use EEA Data for purposes of providing products and services to our customers, communicating with corporate business partners about business matters, processing EEA Data on behalf of corporate customers, providing information on our services, and conducting related tasks for legitimate business purposes. **Disclosure:** We share EEA Data with our affiliates and contractors, who process EEA Data on behalf of RevGo. We also share EEA Data with other third parties for the purposes for which we receive the EEA Data (e.g., performance of contractual obligations and rights), and we may also disclose EEA Data where we are legally required to disclose (e.g., under statutes, contracts or

otherwise) or the disclosure is permitted by law or the Safe Harbor Principles and we have a legitimate business interest in such disclosure. With respect to marketing emails, EEA Persons may opt-out of receiving further email marketing communications from RevGo by sending an email to support@RevGo.net, or by following opt-out instructions that are contained in each marketing email. EEA Persons may also send an email to this address to ask to opt-out of disclosures to third parties, but such a limitation on data sharing may make it difficult or impossible for us to provide the requested services. **Access and Review:** If you are an EEA Person about whom we hold EEA Data, you may request access to, and the opportunity to update, correct or delete, such EEA Data. To submit such requests or raise any other questions, please contact the business that provided your EEA Data to us. You can also contact our Safe Harbor Contact. We reserve the right to take appropriate steps to authenticate an applicant's identity, to charge an adequate fee before providing access and to deny requests, except as required by the Safe Harbor Principles. **Safe Harbor Contact:** If you have questions, please contact RevGo's Chief Security Officer, e-mail: support@RevGo.net. If you have a comment or concern that cannot be resolved with us directly, you may contact the competent local data protection authority.
